Dear Aunt & Uncle & cousin Jack.,

Still in the same place
and things going along in top
top shape. Feeling fine and
gets lots to eat and also lots of
rain but then this is the
rainy season and so we expect
it whether it comes or not.

Jack should be able to write
more letters than he does and
believe me they are very welcome
over here so he better get busy and
disclose some of the knowledge obtained
out of that set of books he received
last winter.

The Allies are sure heading
it to old Bill now and prospects
are better every day for an early
victory for the Allies.

Not very much news to send
from over here but I will be able
to relate some real stories when I
return.

Edgar sent me a clipping
from Detroit paper stating at they
blow taps there at 4 PM the
corresponding to taps here which
is 9:30. They just blew it here and
it is raining my bed hour
I had better close for this time with
best wishes to all.

Wishing all the best of
health & permanent amen.

Your loving Nephew William
