ARTHUR D. MITCHELL.

Your

FREDERICK A. HARRIS.

Trade

ROBERT L. FISHER.

Our Detroit Openings

will be
held
as follows:

**February 18th to
March 30th,**

**and every
Tuesday thereafter
until the**

15th of May.

Pattern Hats

You are cordially invited to come and bring your trimmers. You will be amply repaid by the magnificent display of Pattern Hats in our show room.

Miss Dondero, whose portrait is opposite this page, has complete charge of our pattern room and the trimming room in connection, where are originated our famous conceits of fashion, which have never failed to gladden the hearts of every milliner who is a real lover of art in the form of chic designs in Pattern Hats.

Miss Dondero has for her assistants the best designers the country affords.

During our short career in business, this department of our store has become really famous. The home demand for our Trimmed Hats is something enormous, and buyers in far away markets appreciate our styles because they are practical, inexpensive and differ from those shown in the markets where they are accustomed to trade.

Our patterns sell from the day that our show room is opened, and there is no let up until the close of the season, when not a single hat remains.

We show at these openings a number of choice selections direct from Paris, in connection with our own productions.

We make a specialty of Pattern Hats from \$3.00 to \$8.00 each, and will keep an elegant variety in stock. In our cheaper Trimmed Hat Department we have hats from \$1.50 each up.
